

# NorthGlass sales exceed 100 countries and regions

NorthGlass 3<sup>rd</sup> Generation Advanced Series (A-Series) Tempering Furnace

The company has sold their first glass tempering furnace to a factory in Zambia extending their reach ever farther

NorthGlass 3<sup>rd</sup> Generation Advanced Series  
(A-Series) Flat/Bent Tempering Furnace

Exciting news came from NorthGlass Tempering Furnace BU when their Overseas Sales Department has sold the first glass tempering furnace in Zambia. In total, NorthGlass has sold more than 4,300 glass tempering furnaces, including 1,100 furnaces exported to 100 countries & regions in all continents.

Within the past 23 years, NorthGlass has continuously developed technologies and products as well growing their global sales and service network with a goal of satisfying customer needs in many different application fields.

Today, the biggest glass processing size of NorthGlass tempering furnaces are 3.5 metres by 20 metres for flat tempered glass, and 8 metres (bent edge) by 4 metres and 3.6 metres (bent edge) by 18 metres for curved tempered glass. NorthGlass's markets are not only in developed countries, though. For example they ship products to some sparsely populated countries like Moldova, Mongolia, Lithuania, Gabon, Estonia, Macedonia and Bahrain, along with hot new territories like Afghanistan, Iraq, Egypt and Libya.

As a glass processing machinery manufacturer, it's not easy to sell so many machines in so many coun-

tries and regions. In 2017, the total export amount of China's glass machinery industry reached 1.998 billion CNY, including float glass lines, glaverbel glass lines, tempering furnaces, heat soak ovens, laminating lines, IGU lines, coating lines, in addition to other equipemtn. In same period, the export contract amount of North-

Glass Tempering Furnace reached around 230 million CNY, taking a percentage share of 11.5 percent of the whole industry. The total contract amount reached 450 million CNY including domestic sales. This data demonstrates the popularity of NorthGlass tempering furnaces and the strength of NorthGlass company.

Adhering to NorthGlass's entrepreneurial spirit of "Innovating forever, Striving for success," NorthGlass will go further together with all their customers in the years ahead.
