Technology, passion and tradition. A union that makes each mould the best solution.

OFFICINE S.R.L. has been designing and manufacturing moulds for all glass machines since 1948.

The company is specialized in the manufacture of:

- moulds for blown glass production with IS machines, O90 and H28 machines, B&B and semi-automatic machines of bottles, jars, still blown glasses, stemware, tumblers etc.;
- moulds for pressed glass production of glasses, tableware, vases, goblets, stems, neck rings etc.;
- moulds for technical glassware production of glass bricks, power insulators, lighting, lenses, borosilicate pots, washing machine windows;
- moulds for spinning machines (to produce dishes, cups, under plates, centrepieces).

OFFICINE S.R.L. pays particular attention to the choice of selected materials: cast iron or steel, bronze, stainless steel also with high content of NiCr and powders for the metallization of mould parts.

Our company mission is to guarantee to customers high quality standard of the products and services offered. We always make our experience available to our customers in order to provide cooperation, to be able to face any production requirements and to find the best solution with commitment, efficiency and professionalism.

A Quality Management System complying with the **UNI EN ISO 9001** norm was established in

1996 to better organize and systemize all the company's activities. The goal is to strongly and uniformly orient the company to its customers and to their profitability.

The high professionalism of our team enables us to assist our customers at all stages, from mould design right up to end products.

OFFICINE S.R.L. also has a production unit in Mexico, thus expanding its market and providing better services to its US clients. The aim of this new production unit is to guarantee the same standards of service and quality that OFFICINE S.R.L. has been providing over more than 70 years of activities.
