### COMPANY PROFILE

**FOREL**, established in 1976, is an Italian company of solutions for flat glass and double-glazing processing (vertical cutting, sorting systems, edge processing line, laminating glass lines and IG line). Forel has its headquarters and production plants in Italy, but the company owns commercial branches and offices in USA, Canada, United Kingdom, Germany. The sales network is worldwide present and has developed sales relations with over 70 countries, exporting the technological tradition and dynamism of Italian engineering. Forel's core philosophy is innovation: every year, a remarkable part of the incomes are invested in R&D.
